SURFLINE

4/5 Berth - 5/6 seats

The Surfline is based around the Fully MI crash tested 129cm RIB bed with the narrower Surfline units. This Camper conversion trades the larger sleeping arrangement and extra passenger seat in the back of the van for slightly less storage.

Available in both short and long wheel base iterations, the Surfline is perfect for those wishing to keep maximum flexibility. The full specification is based on converting a standard VW panel van. We also make the surfline for a variety of other van brands.

FULL SPECIFICATION INCLUDED IN PRICE

- 129cm RIB seat with integrated headrests and seatbelts in basic fabric
- Fitting of RIB seat
- Opening side window in privacy glass
- Fixed side window in privacy glass
- Fixed side window in privacy glass for rear quarter
- Tailgate or barn door set windows in privacy glass
- Front passenger double swivel base
- Front thermal screen
- 12/240v Electric hookup with split charger and battery for vans with Bluemotion or equivalent
- Blackout curtains
- Standard units down the side including table and boards for front and rear of RIB seat
- Carpet lining including Dacron insulation invisible fixings and removable lower panels where possible for future maintenance/wiring
- Altro Polyvinyl flooring from our range

- Weaco Dometic fridge
- Water system including pump, pipes and container
- SMEV burner hob and sink including cold tap
- Gas system including gas box and certificate

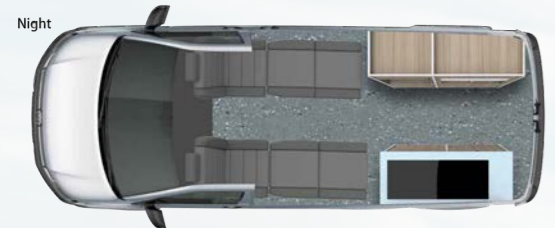

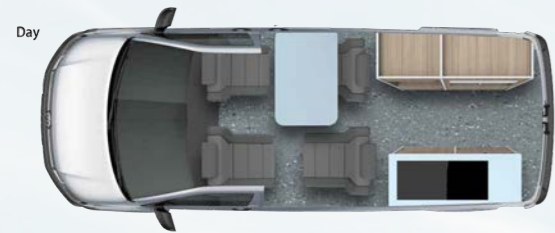

TIDELINE

2/4 Berth - 4/5 seats

The Tideline is a rear conversion layout with a galley style kitchen. It's equipped with everything you need for a long trip abroad.

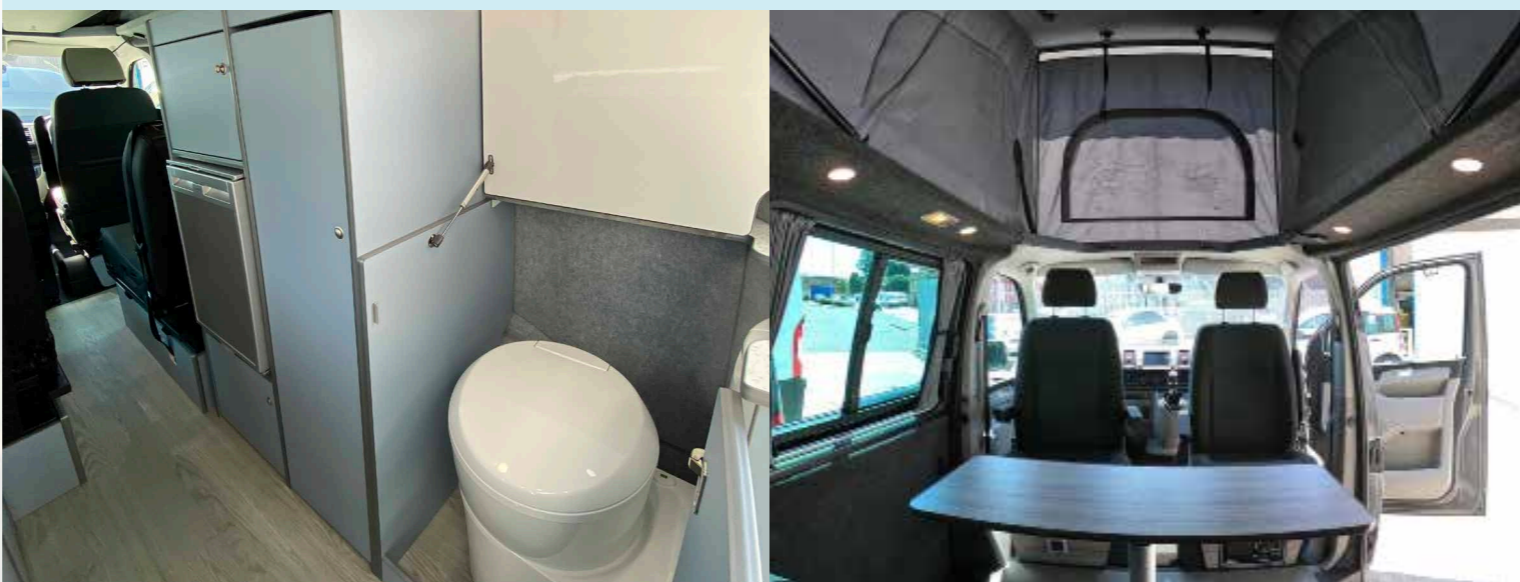

There's plenty of storage space and well-equipped kitchen facilities. It's not your most common layout but is becoming increasingly popular.

LWB

BBQ POD

The Revampavan® BBQ pod utilises the latest outdoor stove technology thanks to *Campingaz®, giving you reliable cooking power in even the windiest conditions.

Our new range of removable pods are designed to fit neatly in the boot of your van, providing a convenient cooking station when on site. We can customise the pod to fit within most seat/ van configurations as well as add a range of extras to suit your needs.

The pods can be supplied without a stove for use with most ordinary camping stoves.

The standard pod comes with the following features:

- Your own custom 2 tone colour scheme
- Fresh water system including tap, pump and water tank
- Smev sink
- Removable table
- Integrated quick release system
- 12 month warranty

The options available:

- USB charging points
- 2 burner fixed stove or 1 burner portable stove
- Fixed gas system with gas box
- External shower system
- Under slung water tank
- 12V socket
- LED lights

SEATS ON RAILS

Within most conversions we can offer either the Reimo, RIB Seat Flux or Smart Bed Evo R systems which are all on rails. These provide flexibility for those who wish either more room in the rear section, or need the seats to be further forward.
